

How to use Moon Nation Bridge (<https://moonnation.app>)

For Metamask Users only, Trust Wallet doesn't support Web3 extension at the moment.

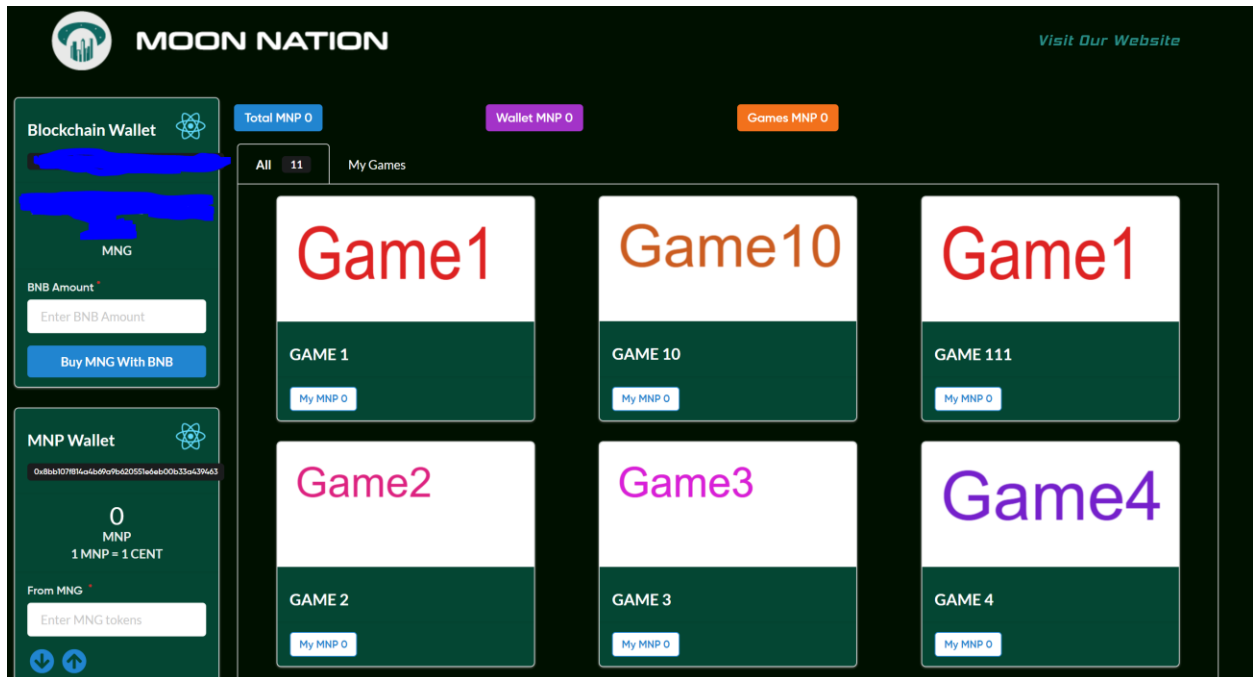

1. First, Metamask should be installed. Otherwise, proceed to the next step.
 - i. If you are a total beginner, please refer to this guide <https://academy.binance.com/en/articles/connecting-metamask-to-binance-smart-chain>. It will help you have your own wallet that is connected to Binance Smart Chain.
2. Purchasing of Moon Nation Game (MNG) token. Skip this step if you have \$MNG in your wallet.
 - i. Go to <https://exchange.pancakeswap.finance/#/swap?outputCurrency=0x5941f87eb62737ec5ebbecab3e373c40fe40566b> and set slippage to 10% to buy \$MNG
 - ii. Once \$MNGs are purchased, you can proceed to <https://moonnation.app>
3. In Moon Nation Bridge(MNB) site (<https://moonnation.app>), on the upper right section, click Connect to Wallet.

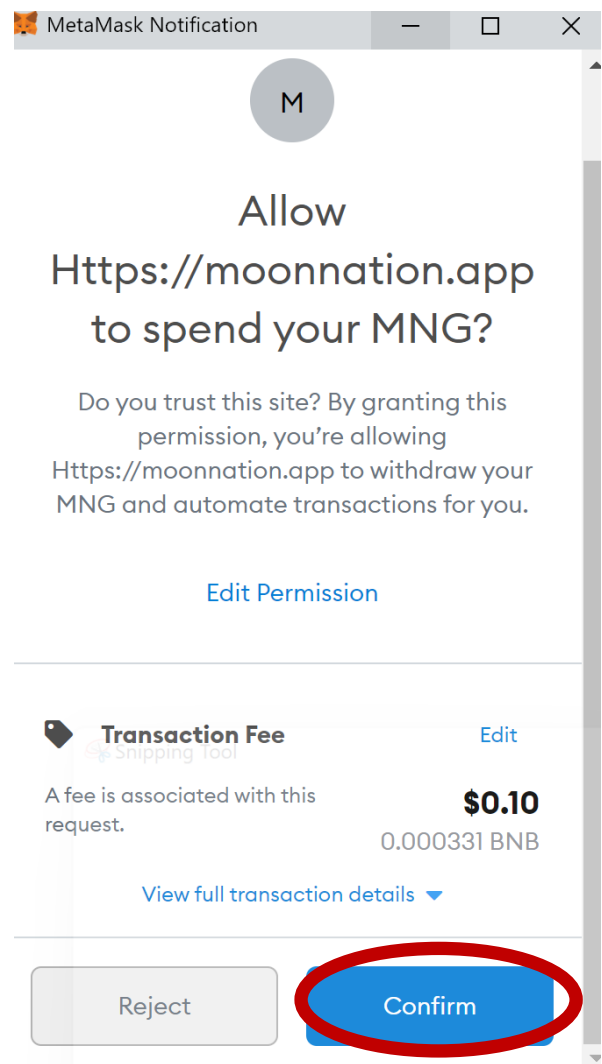

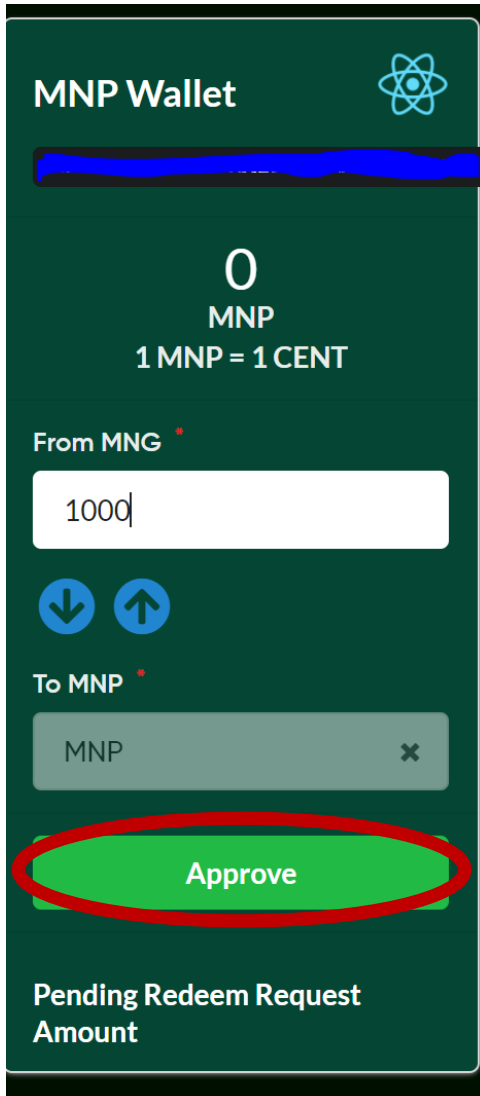

4. Metamask will then ask for confirmation to connect your wallet to MNB. Click **Next**, then **Connect**.

5. You will be redirected to <https://moonnation.app/dashboard> for MNB's dashboard.

6. In the Dashboard, you can view your \$MNG balance at the upper left. Below is your Moon Nation Point (MNP) balance. On the said section, your \$MNG could be traded to MNP, vice versa.
7. To buy MNP, you should have \$MNG. Then in the MNP Wallet Section, enter the amount of MNG you wish to spend and click approve. Metamask Notification will appear and click Confirm.

8. Once approved, you can proceed to swap you MNG to MNP. Follow Step 7 to convert your MNP to MNG.
9. MNP Points could be used once games are integrated in MNB.
